ABOUT THE AWARDS

Now in their fourth year, The Professional Trader Awards have highlighted and revealed the very best brokers in the business.

These annual awards are open to regulated brokers who offer their clients an 'exclusive' professional client trading account. They champion the brokers who are out in front when it comes to trading analysis, execution, account technology & performance tools, as well as offering the best in trading conditions, margin rates, loyalty programs and the overall client relationship service experience.

This year's competition has seen record numbers of votes with 10,000 votes from 1,700 unique voters across the 15 award categories. The awards on offer cover all key areas that are so very important to traders with brokers nominating themselves during the initial self-nomination period, before being voted for by traders using professional accounts.

"This year's list of winners is of the highest calibre. The winners are clearly among the very best in the business and are out in front when it comes to offering the services and products expected by traders. Congratulations to you all," explains Mike Boydell, Director of Holiston Media which organises the awards.

BEST BEST OVERALL PROFESSIONAL TRADING ACCOUNT

The winner of this award will be the broker that achieves the most votes across all awards they are entered into. They will be the true professional trader's choice.

WINNER: **IG**

"The professional segment continue to play a key role in driving IG's ongoing growth strategy so for the firm to be recognised at the Professional Trader Awards for its ongoing commitment to providing those clients with a best-in-class service is testament to the hard work and innovation that continues to be applied by a number of teams across a variety of jurisdictions. We have a number of exciting initiatives in the pipeline that aim to develop that offering further still in 2023 and we look forward to sharing those with the client base in the coming months," says Sam Irwin, Head of Client UK.

BEST CORPORATE SOCIAL RESPONSIBILITY

This award recognises the business that chooses to go over and above what is strictly necessary in order to deliver social, economic and environmental benefits to anyone affected by the business and its activities. In a nutshell, the winners of this award use CSR to encourage their business to improve the lives and situations of as many people as possible.

WINNER: **FXPRO**

"At FxPro, not only do we focus on providing the best possible trading experience for all our clients, but we also pride ourselves on our dedication to social responsibility. We achieve this by making regular donations to worthwhile charities and getting involved in environmental projects to help the planet and local communities.

We also ensure that our working environment supports our valued employees, with procedures in place to protect their welfare and mental health through ongoing personal development opportunities, in-house education and appropriate salaries and work schedules.

We don't do it for the recognition, but we are very proud to have been awarded this title and will continue to set an excellent example for our industry when it comes to charity work and employee wellbeing." Comments Lianna Rumsey, Compliance Content Writer for FxPro Group.

BEST TRADING APP

This award recognises the best app solution for professional traders. The app will keep their customers connected with the markets at all times.

WINNER: **VANTAGE**

"We are truly honoured to receive the Best Trading App award. As a business, we have always focused on building our services and platforms with our clients in mind. Every new platform development is designed to fulfil both their current trading needs and their future trading aspirations. This award is a huge encouragement to our team who have worked tirelessly to grow our Vantage App from strength to strength.

Since our rebranding exercise in November where our Vantage App was unveiled with an all-new interface and enhanced features, we have seen an unprecedented number of new downloads. Most recently, we have expanded the Vantage App's functionality to include social trading on top of traditional trading, and it has been very well received.

I would like to dedicate these awards to our clients, who have always been our biggest motivation to improve and grow. We are incredibly grateful for their relentless support."

The image is a promotional poster for Vantage's award. It features a dark teal background with a large, white, stylized 'V' logo and the word 'vantage' in a sans-serif font at the top left. The main text reads 'Proud to be the BEST' in large, white, bold letters, with 'BEST' being significantly larger than the other words. Below this, it says 'Trading App and Trading Platform 2022' in a smaller, white font. At the bottom, there is a photograph of a black and orange rally car (a Neom McLaren Extreme E Team car) driving on a sandy dune, kicking up dust. The car has several sponsor logos, including 'GRIDPLAY', 'NobiumHy', 'MX', 'NEOM', 'vantage', 'Pixel', and 'iStock'. In the bottom right corner, there are logos for 'vantage' and 'NEOM McLaren Extreme E Team OFFICIAL PARTNER'.

BEST TRADING PERFORMANCE TOOLS

The award for Best Trading Performance Tools goes to the company that offers a risk management tool that helps traders better understand and manage their risk, profitability, and return rate from their trades.

WINNER: CITY INDEX

"We are most honoured and very grateful to have been awarded 'Best Trading Performance Tools'. This is one that means a lot to our team.

Over the past couple of years, we have invested heavily in a variety of bespoke and proprietary features to support our clients – including the acquisition of Chasing Returns in 2021, which gave us the Performance Analytics suite of tools, as well as developing our own AI-driven SMART signals product.

A big thank you to those that voted, and to the entire City Index team that works behind the scenes." says Warren Ruhomon, Marketing Director, City Index.
